

A shirtless man in a black suit is performing a handstand on a teal background. He is balancing on his right hand, with his left hand extended to the side. His legs are bent and tucked under his body. The text "For your customers" is written in white above the man, and "New solutions" is written in a larger, bold white font across his chest.

I am honored and happy to welcome you to the 1000Club community, whose innovative digital experiences are intended to bring you new customers.

You will manage your customers' smart websites, posts, tags, hotspots, loyalty programs, etc. with just a few mouse clicks.

When you create at least five websites of 5 pages each, 1000Club can grant you certified Webmaster status and introduce you to all the members of your network (made up of your direct and, above all, indirect customers).

Being a certified Webmaster means being in charge of all the sites and accounts of your direct and indirect members of your network, whose viral expansion is virtually unlimited.

When you start up, as an assigned Webmaster, you receive a minimum of 50% of the non-overweighted amounts (collected by 1000Club) for the design of smart sites and the management of user accounts.

When you overweight the basic rate, you earn 70% of the amounts collected beyond the first tranche of 600 \$ which is always shared at 50-50%.

Examples

1. On a basic smart site [5 pages] billed at 600 \$, you receive 300 \$ for an average work time of three hours*.
2. On a basic smart site [10 pages] billed at 1,200 \$, you receive 600 \$ for an average work time of six hours*.

* With texts and visuals supplied by the customer

3. On a smart site of 20 pages billed at 12,400 \$ according to your weighting coefficient, you receive 1,200 \$ on the basic tranche (not overweight) of 2,400 \$, and 7,000 \$ on the overweight tranche of 10,000 \$. Your profit being 8,200 \$.

The 1000Club share is 4,200 \$ to ensure in particular:

- Hosting and bandwidth on the Amazon Cloud [AWS].
- The technology and service provided, as well as the remuneration of staff and that of the affiliates network thanks to whom you contribute to change the world with us :-)

I also recommend that you become a Web Affiliate to benefit from new sources of recurring income, including a percentage on your customers' online sales and purchases and on their advertising investments.

The affiliate program brings you a new source of income to free your mind for creating more serenely.

Your monthly remuneration is paid on your:

- Online electronic payment account with debit card (German bank).
- Bank account.

Setting up smart sites and user accounts is taught in just half a day online.
